

**Join CIArb's UAE branch for an informative and challenging discussion with our distinguished speaker**

**Professor James Cooper**

Artificial Intelligence & ChatGPT – Innovation or disruption in the changing landscape of technology and justice

James Cooper is Professor of Law and Director of International Legal Studies at California Western School of Law in San Diego, California, where he has also served as Associate Dean, Experiential Learning and an Assistant Dean. Professor Cooper is also serving as a Fellow of Singapore University of Social Sciences and is consulted by the U.S. Departments of Justice and State, the Organization of American States, USAID, USPTO, the Inter-American Development Bank, and several other international and regional aid organizations and technical cooperation agencies. A Cambridge University-trained Barrister and Solicitor, Professor Cooper's public policy work has been commissioned by the Konrad Adenauer Foundation and the Friedrich Ebert Foundation of Germany as well as the Inter-American Drug Abuse Control Commission of the Organization of American States. He contributes to newspapers, website platforms, television, and radio news programs around the world, and consults for technology companies around North America and Asia.

This event will take place on 3 July 2023 at the Hilton DoubleTree, Business Bay, Dubai, UAE, 7:00pm to 8:00pm (Registration from 6:30pm), followed by networking.

**Registration**
